# MISSION

*"The Green Zone is a weekly television show that will educate and inspire people to realize the positive Healing, Social, Art and Community implications of using cannabis as medicine."*

- Wendy Love Edge

**Cannabis has been legal and revered in many parts of the world for most of its history, widely used for medicinal purposes without one recorded fatality from its use.**

**The Green Zone's Mission is one of education and realization to the truths of history regarding Cannabis and the role it plays in a healthy modern society.**

The very talented Green Zone Team is dedicated to revealing these truths about Cannabis to the viewers of their weekly broadcasts, truths that have been kept from the American general public for over eighty years.

## Caleb Hoenshell Film Editor

Hello! My name is Caleb Hoenshell and I am passionate about making both narrative and documentary pieces that impact, connect and inspire individuals in ways that make the world a better place. I have had experience directing, capturing production sound, being a director of photography, lighting, gaffing as well as many post production processes like editing, sound editing and color correction.

Throughout my education I have had the opportunity to meet some amazing people and work on some amazing projects. I have a BS degree in Digital Cinema from John Brown University, Cum Laude. I have had experience working with cameras like the Canon C300, C100 MK 2, Blackmagic Cinema Camera, as well as many DSLR cameras. I have also had experience working lighting, audio equipment and utilizing post production programs like Adobe Premiere Pro, Adobe After Effects, Davinci Resolve, Boujou and Adobe Audition.

"Academia is the death of cinema. It is the very opposite of passion. Film is not the art of scholars, but of illiterates."

-Werner Herzog
